Role in IP in Spain

Management of Innodemanda Program

Orientation to any financial mechanisms for IP

Disseminate information (events, workshops)

OTHER ACTIONS

- «NCP» for PCP/PPI in H2020
- Partner of P2I representing MEIC and coordinating Spanish delegation
- Online survey
- Distribution list
What? CDTI funds the supplier the R&D that is required at the procurement...

... in a way that such funding could be beneficial for procurer.

How? Sinchronizing times: call for tenders vs. CDTI’s R&D project evaluation

Some key facts....

- Managed by CDTI through Fast-Track evaluation process
- Uses available CDTI’s funding instruments (typically: PR loan up to 75%; repayable in 10 years at Euribor 1 year)
- Funding to suppliers vs. Funding to Procurers (Innocompra or EC)
- Supporting R&D project  IP Contract Awarding

12 public procurers
15 companies
14,74 M€
Thank you for your attention
